DETAILED ACTION / EXAMINER'S AMENDMENT

This Office action responds to the Board of Patent Appeals and Interferences Decision mailed on 10/29/2010.

Election/Restrictions

1. Claims 1 and 15 are allowable. The restriction requirement between inventions, as set forth in the Office action mailed on 4/4/2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 9 and 20, directed to a non-elected invention, are no longer withdrawn from consideration because the claims require all the limitations of an allowable claim. However, claims 10-14, also directed to a non-elected invention, remain withdrawn from consideration because the claims do not require all the limitations of an allowable claim.
2. In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

3. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

4. This application is in condition for allowance except for the presence of claims 10-14 directed to an invention non-elected without traverse. Accordingly, an examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

5. The application has been amended as follows:

6. In the claims:

7. Cancel claims 10-14.

Allowable Subject Matter

8. Claims 1, 3-5, 7-9, and 15-20 are allowed.

9. The following is an examiner's statement of reasons for allowance: The application is allowable for the reasons set forth on pages 3 and 4 of the decision of the Board of Patent Appeals and Interferences mailed on 10/29/2010, which is hereby incorporated by reference. As noted therein, and as argued on page 2 of the reply brief filed on 6/3/2008, the applicant has shown that Montague uses a wet etch process that would dissolve aluminum oxide at a faster rate than Montague's silicon dioxide sacrificial layers 30 and 32. Therefore, if the aluminum oxide of Kim was used to

replace Montague's silicon nitride layer 22, the aluminum oxide will dissolve, making Montague's device non-functional. Accordingly, the rejection of the claims based upon the teachings of Montague, Kim, and Lee has been reversed.

10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
